

Come believe in God and He has in everything an ayat
referring He is ONE
In the name of Allah

The verse in the Qur'an: (**And indeed, we or you are either upon
guidance or in clear error**)

Either we or you guided or astray

you came to the world from your mother's belly after your father
emptied the semen in the woman's vagina so the fertilized egg
happened in the uterus and then you grew little by little
until the time of birth came and a child came out to the world a white page that the days
did not mess with

The verse in the Qur'an: "**Have you seen that
which you emit?**", which means this semen that is in
the body of every man.

Are you the ones who made it?

No one in the world would dare deny it and claim they created it.

Another Ayat is in the Qur'an: (Or were they created
without anything or are they the Creators)

I mean did you come by chance with nothing or were you the ones who created

We have come to this world, creating nothing for ourselves or for others.

There must be a creator and a maker. Have you seen workmanship without a maker?

Not a chance!! The mind is sure it's impossible.

So who's the Creator?

Allah said in his dear book: "**Allah is the Creator of all things, and He is, over all things, Disposer of affairs.**"

The Quran learns us that the Creator is God.

you went out into the world and started eating food and drink, and you grew up to be young.

And during your lifetime you saw the sky, the sun, the moon, the mountains, the rivers, the sweet water, the salt water, the seas.

you've seen bees, the insect that makes honey, the best drink in the world.

The Qur'anic verse says: The Creator is God.

The second Qur'anic verse says: **Indeed, in the creation of the heavens and earth, and the alternation of the night and the day, and the [great] ships which sail through the sea with that which benefits people, and what Allah has sent down from the heavens of rain, giving life thereby to the earth after its lifelessness and dispersing therein every [kind of] moving creature, and [His] directing of the winds and the clouds controlled between the heaven and the earth are signs for a people who use reason.**

The third Qur'anic verse says: **And of His signs is the creation of the heavens and the earth and the diversity of your languages and your colors. Indeed in that are signs for those of knowledge.**

The fourth Qur'anic verse says: **And of His signs is the creation of the heavens and earth and what He has dispersed throughout them of creatures. And He, for gathering them when He wills, is competent.**

The fifth Qur'anic verse says: **And your Lord inspired to the bee, "Take for yourself among the mountains, houses, and among the trees and**

[in] that which they construct, and **Then eat from all the fruits and follow the ways of your Lord laid down [for you]."** There emerges from their bellies a drink, varying in colors, in which there is healing for people. Indeed in that is a **sign for a people who give thought.**

If you go to the desert at night, you see the sky full of stars.

Oh, greatness, beauty, night stars, little white, glowing points with lustre.

You wonder what these stars are like, man usually asks to know the answer.

In research and study, scientists found that these points, which are the decoration of the sky, are enormous suns explosive with nuclear explosions inside them, but they are far from the deep distance, so you can only see from the Earth as a small white dot body, the power of the creator created for us.

The Qur'anic verse indicates the universal verse:

Allah almighty said in his Holy Book: **And We have certainly beautified the nearest heaven with stars and have made [from] them what is thrown at the devils and have prepared for them the punishment of the Blaze.** Scientists have discovered that the sky is expanding and expanding.

The Qur'anic verse says: "**And the heaven We constructed with strength, and indeed, We are [its] expander.**

The Qur'anic verse indicates the universal verse.
Who tells you when you're ignorant, who knows nothing about the unseen.

Who tells you about the assets of life and that the Creator is God

He is the same one who tells you that resurrection will take place, that paradise will be made for believers, and that fire is for the infidels.

If you knew all these facts, the saying is God and the one who does is God.

You have no doubt that this religion is the right religion.

He said: **Indeed, the religion in the sight of Allah is Islam. And those who were given the Scripture did not differ except after knowledge had come to them - out of jealous animosity between themselves. And whoever disbelieves in the verses of Allah, then indeed, Allah is swift in [taking] account.**

And he said: "Do those who know and those who do not
know equal"

I swear they are not equal

Science illuminates the way for you, standing on solid
ground that does not shake, does not hesitate, does not
shake, and never gets suspicious, doubt is cut off by
certainty.

The mind will reach the stage of certainty so he is sure
that there is no God but Allah and that Muhammad is
the messenger of God
